“Ride 351...what else ? These guys just rock!!! :)”

Benedicte | Ericeira, Lisboa, Portugal | in TripAdvisor, August 2015, ●●●●●

We decided to fly to Portugal for a last minute surf holiday this August and were looking for some surfing tips.

As our holiday was right in the middle of the busy month of August, it was not easy to find something...until we found Ride 351's website. We explained what we were looking for, and after 2 days Antonio came back to us with a tailor made "City, Surf & Yoga Experience" : 3 days in Lisbon to visit this charming city and 10 days in Ericeira... just enough time to fall in love with this place! :)

As this was a last minute booking and we had absolutely no time to check everything in depth due to a really busy work schedule, we were crossing fingers to have a nice trip until we arrived there.

Antonio scheduled everything for us from the airport/Lisbon/Ericeira/airport pick ups, to the hostels in Lisbon and Ericeira as well as the Surf and Yoga classes, plus surf guiding including material rent (with great discounts thanks to their partnerships!). We had two dinners together in some typical places, and they paid attention to all details to make sure we could discover their home country, people, culture and food in the best way possible. Everything was just perfect, well planned, and we had nothing to worry about, but find something to eat while wandering in Lisbon and enjoying Ericeira :)

We spent 2 beautiful and peaceful weeks in Portugal, and because I don't have better words than the description of their cool video: "One adventure for your soul, mind and body. Ride with [them] in one unforgettable experience of surf, culture and gastronomy.

“Thanks for all!!!!!!”
