

Pena Palace

TOUR SINTRA DELUXE

We set off from Lisbon for the impressive and romantic **Pena Palace**, located on one of the highest peaks in Serra de Sintra Natural Park. The Palace is characterized by its blend of styles, which combine to create an unmistakable appearance. At the end of the morning, there's some free time to wander the streets of the town that charmed kings and inspired poets. Take some time over the range of handicraft stores, tea-houses and savour some of the famous local sweets: *queijadas* and *travesseiros*.

Lunch in Tivoli Sintra, while viewing rather special views out over the surrounding mountains. We then set off for Colares*, a demarcated wine region with quite a reputation. We then move on to **Cabo da Roca**, the most westerly point of continental Europe. We also take in **Guincho** beach, a favorite among windsurfers, and Boca do Inferno, with wonderful views out over the coast. We then visit the cosmopolitan town of **Cascais**, where there is a particularly magnificent view out over the bay before making our return to Lisbon along the coastline in front of **Estoril**, with views out over the Casino and its respective gardens.
